In regard to (1) orders have been issued in Government Order No. L. 4155-4226 L.B. 30-29-84 dated 9th December 1929, sanctioning Non-official Presidents to the District Boards other than Bangalore, Kolar and Hassan.

The adoption of a similar procedure may perhaps be -- desirable and limit the term of the President to one year. 2) Whether a person elected as President may be prevented from standing for election as President at the succeeding election.

3) Whether the appointment of Chief Officers for District Boards may be made compulsoty.

I do not think the system of chief officers in D.B.s obtains anywhere or whether the Raja presides or not.

If there is no chief officer we cannot have President every year.

Of course president which may be restricted to one term of 3 years & then same person prevented from standing for another term. The next term

Subject:— Limiting the term of Presidents of District Boards to one year and preventing a person elected as President standing for re-election as President at the succeeding election; and

Making the appointment of Chief Officer for District Boards compuslory.

*Hg V 9)

In Government Order No.L.4155-4226/L.B.30-29-84 dated the 9th December 1929, the appointment by election of non-official Presidents to the District Boards other than Bangalore, Kolar and Hassan which have already got this privilege has been sanctioned.

In this connection, the question of preventing the continuance of the same person as President for several terms in succession was taken up for consideration.

Under the District Boards Regulation, the term of members has been fixed at three years. There is no specific provision in it to prevent the same person from standing for election as President again on th expiry of his term. Nevertheless rules may be made under Section 100 (2) (b) for the election of Presidents.

The Municipal Regulation Amendment Committee considered it desirable to limit the term of the President to one year and prevent a person who was elected as President from standing for election at the succeeding election.

The adoption of a similar procedure in respect of the District Boards has been considered.

Para 4 715 Note

When the papers came up to me, I expressed the opinion that the Presidentship of District Boards might be restricted to one term of thre years and the same person prevented from standing for the next term. (Vide my minute dated the 24th January 1930.)

8

The questions were discussed in Council on the 15th March 1930, when it was resolved that the maximum term of a President should be limited to three years, that a person who has held the office of President should not be eligible for re-election at the next succeeding election and that power may be taken to reduce the term of the President to one year when considered desirable, at the discretion of Government.

I solicit His Highness' gracious sanction to give effect to the recommendations of the Council.

(2) to preclude a person elected as President from standing for re-election as President at the succeeding election, and

Bill further to amend the Mysore District Boards' Regulation.

Whereas it is expedient further to amend the Mysore District Boards Regulation, 1926; it is hereby enacted as follows:-

1. In Section 18, after sub-section (2), the following sub-section shall be added:

"(3) A person who has held the office of President of a District Board for not less than one year shall not be elected as President at the election, if any, next following the expiry of his term of office."

2. In Section 23, after sub-section (2), the following sub-section shall be added:-

"(3) Notwithstanding anything contained in sub-section (1), the term of office of the President shall, if the Government so directs in the case of any District Board, be limited to one year except in case the term of office of the members of the Board is extended under Section 24."

Statement of the general principles of a Bill to furthe amend the Mysore District Boards Regulation, 1926.

The Municipal Regulation Amendment Committee have recommended that the term of the Presidents of Municipal Councils, when they are elected by the Municipal Councils, be limitea to one year and a person who was elected as President may not be allowed to stand for election at the next succeeding election. The adoption of this principle in regard to the election of Presidents of District Boards is also desirable. It is also considered expedient to take power to limit the term of the presidency to one year, if Government considers such a course necessary and suitable in the case of any District Board and to prevent a person who has held the office of the President from being re-elected as President at the next succeeding election.

The general principles of the Bill are placed before the Representative Assembly for an expression of their views.
